

# Klassic Tank Range - 10 - 110k lts

## Modular Fuel Storage & Dispensing Systems

### **MODULAR STORAGE**

Complete fuel, lubricant and chemical storage and dispensing system.

### **TRANSPORTABLE**

Designed to be stacked for storage and transport empty.

Fuel monitoring and management, filtration, tank farms, we offer a range of configurable storage solutions tailored to your industry.

Minimum civil works required.

The Forklift pockets and lifting lugs increase the manoeuvrability of the KLASSIC. Coupled with a pump, these are ideal for light vehicle refuelling, or refuelling generators, compressors, dewatering pumps and industrial tools.

The number of standard feed and return line ports allow for the connection of up to 3 x generators or industrial equipment simultaneously.

### **SAFE & RELIABLE**

Safe and speedy refuelling of heavy equipment ranges from single tank with integrated supply system through to bulk fuel storage from 10,000 to 110,000 litres.

### **PROJECT MANAGEMENT**

Qualified engineers, project management personnel available to assist with the design and install of single tank through to large fuel storage facilities.

# Specifications

**LOGITANK KLASSIC LTKL 68 WITH LIGHT AND HEAVY VEHICLE DISPENSING**

The LOGITANK KLASSIC is a self-bunded tank suitable for storing a range of fluids including diesel, petrol\* and lubricants. There are two styles available depending on your needs or application; with or without a bunded pump bay. These tanks are designed to be transported and installed with minimum civil

## Klassic Tank Range

model	safe fill (95%) litres	length mm	width mm	height mm	weight kg
LTKL 12	10,711	2,991	2,438	2,896	5,100
LTKL 20**	16,594	2,991	2,438	2,896	5,000
LTKL 30	28,460	6,058	2,438	2,896	8,300
LTKL 38**	34,324	6,058	2,438	2,896	8,400
LTKL 68	63,937	12,192	2,438	2,896	14,600
LTKL 75**	69,810	12,192	2,438	2,896	14,500
LTKL 80	76,637	14,630	2,438	2,896	17,500
LTKL 100**	93,583	14,630	2,438	3,200	18,600
LTKL 110**	107,797	14,630	2,438	3,635	20,500

\* please check local petrol (ULP) storage regulations

\*\* model comes without a bunded pump bay

# Industry Applications

**Home Base Refuelling**

**Unmanned Refuelling**

**Portable Energy Refuelling**

**Equipment Refuelling**

Agribusiness. Commercial Transport & Logistics. Local Councils. Recreation. Portable Energy.

Power Generation. Mining. Drilling. Construction. Equipment Hire and Rental.
