

Small Tanks (Kube) - 1 - 10k lts

Modular Fuel Storage & Dispensing Systems

MODULAR STORAGE

Complete fuel, lubricant and chemical storage and dispensing system.

TRANSPORTABLE

Designed to be stacked for storage and transport empty.

Fuel monitoring and management, filtration, tank farms, we offer a range of configurable storage solutions tailored to your industry.

Minimum civil works required.

The Forklift pockets and lifting lugs increase the manoeuvrability of the KUBE. Coupled with a pump, these are ideal for light vehicle refuelling, or refuelling generators, compressors, dewatering pumps and industrial tools.

Best system for Light Vehicle Refuelling, Workshop Fuels and Oils or Portable Energy Refuelling.

SAFE & RELIABLE

Safe and speedy refuelling of heavy equipment ranges from single tank with integrated supply system through to bulk fuel storage from 1000 to 10,000 litres.

PROJECT MANAGEMENT

Qualified engineers, project management personnel available to assist with the design and install of single tank through to large fuel storage facilities.
